VALUABLE FARM

In Ohio Purchased by Mr. L. T. Anderson Saturday—Stock and Implements Also Bought.

On Friday Mr. L. T. Anderson, dealer in high-class horses, closed a deal through Thomas L. Ewan & Co., real estate agents, for the 306 acre farm of the late Dr. Guthrie, located near Manchester, Ohio. In the deal Mr. Anderson gets the entire herd of about 30 registered Poled Angus cattle, all the farming implements, machinery work stock, and growing crops that are on the farm. This is one of the best tobacco and stock farms in that section of the country, as there are four large barns and two or three houses on the farm, also an abundance of bluegrass and alfalfa on the place. Mr. Anderson has not decided yet whether he will continue this herd of fine cattle on his farm or whether he will later offer them for sale. The chances are however that Mr. Anderson will continue the herd as he has for some time been of the opinion that the breeding of thoroughbred cattle in this locality would pay and with this high-class herd to start with he would not be surprised to see him engaged in the breeding of this strain of cattle on a large scale as he is the owner of two large farms here in Kentucky. It is to be hoped that Mr. Anderson will engage in the breeding of fine cattle as it would mean much to the cattle industry of this section as his success in the handling of high-class horses has been so pronounced that should he engage in the cattle business he would doubtless do much to bring up the standard of the breeding of cattle in this immediate section.

PARALYTIC STROKE

Causes the Death of Mr. Daniel Daly, Proprietor of the Mayville Machine and Iron Works—Dies Sunday Morning.

Mr. Daniel Daly of Limestone street proprietor of the Mayville Machine and Iron Works, suffered a stroke of paralysis at his home on Friday night from which he died early Sunday morning.

Mr. Daly came home Friday evening from work and complained of being ill. His condition became worse as the hours passed and later in the evening a doctor was called who stated that Mr. Daly had suffered a paralytic stroke. He suffered considerably the entire day Saturday and died early Sunday morning.

Mr. Daly was born in 1861 in this city and had lived here all of his life. For a great number of years he was connected with the old Mayville Foundry and afterwards set up a business for himself on Limestone street. His wife preceded him to the grave several years ago. He is survived by three daughters, Marion, Katherine and Margaret. He also leaves four brothers, Charles, Harry, Frank and John and two sisters, Miss Mary Daly and Mrs. Ed Glenn.

In the death of Dan Daly this city loses one of its most valuable citizens and his place will be hard to fill.

The funeral will be held Tuesday morning from the St. Patrick's Church in this city at 9 o'clock. Burial will be made in the Washington Cemetery.

DELIGHTFUL TIME

Had by the Operators of the Central Telephone and Telegraph Co. in Their Meeting in This City Saturday—Sumptuous Banquet Served at the Central.

The operators and employees of the Central Telephone and Telegraph Co. experienced a delightful time while in this city and all were made to feel that they were entirely welcome and that they had in their possession the keys of the city. About 65 out of town visitors were present for the occasion.

The afternoon was visitors day at the local exchange and hundreds thronged the offices of the company. The offices were decorated and all were thrown open. To each of the ladies attending a beautiful rose was given. Employees of the company were present to explain the workings of the new system that has been installed here. The system, simple in its complexity, is one of the best in the entire United States. Those who watched the operators, busy at their switchboard could not but feel impressed at the way the calls were answered. The visitors all saw that the time worn chestnuts about the slowness of the telephone operators have about served their time, for not only were the calls answered promptly, but the connection with the party wanted was given almost instantly. The formal opening of the new exchange was also held in the afternoon.

At 7:30 o'clock in the evening a sumptuous banquet was served to the operators at the Central Hotel. Colonel Daugherty furnished a menu that a king would not despise. City Attorney J. M. Calhoun made the welcoming address to the operators in the absence of Mayor Lee. Mr. W. M. Paine of Louisville gave the response. Following the banquet the company adjourned to the Knights of St. John Hall where a number of papers on the various phases of exchange work were read. Following the reading of the papers dancing was indulged in to a late hour by the younger operators. The music for the banquet and dance was furnished by a Victrola from the Murphy Jewelry Store and was greatly enjoyed by all.

The following were the out of town visitors: Mr. and Mrs. J. W. O'Hannon, Misses Myra Heflin and Mary Walton of Mayfield; Miss Annabel Roberts, Morefield; Miss Margaret McClure, Showhan; Miss Johnie Shryock and Miss Onie Lipe of Lawrenceburg; Mrs. Albert Evans of Little Rock; Miss Maude Parrish of Clintonville; Mr. and Mrs. W. S. Chandler of Mt. Olivet; Mr. J. C. Cropper of Burtonville; Miss Lorene Pottingham of Vanceburg; Mrs. Ola C. Peters of North Middletown; Miss Katherine Murphy, Mr. W. M. Paine and Mr. O. M. Harrison of Louisville; Mrs. Georgia Houston of Millersburg; Misses Jessie Wilcox and Lavina Adeock of Frankfort; Misses Minnie Carr and Maude Day, Mrs. E. C. Hargis and Mrs. E. E. Lawrence of Paris; Mrs. George Stinson, Mrs. Pearl Hyron and Mrs. A. P. Wright, of Lexington; Misses Rosa Collins, Lillie Martin and Anna Young and Mr. W. C. Cannon of Carlisle; Misses Katie McFadden and Gertrude Ryan of Flemingsburg and Mrs. A. M. Williams and Misses Etta Blackburn, Lillie Smith and Ella Loomis of Cincinnati.

ASKS FOR FLAG

Mr. Alonzo Seaman of Norman, Oklahoma, who is spending some time in this city with relatives, has written to Governor Stanley through County Judge W. H. Rice asking for the flag of his regiment in the Civil War for the Old Soldiers Reunion to be held in Beechwood Park on Wednesday. The flag was carried by the 18th Kentucky in several of the battles during the Civil War. Joseph Heiser, for whom the local post of G. A. R. was named, being killed while carrying it in the battle of Franklin. Mr. Seaman was near Mr. Heiser, at the time he was shot. The flag is now in the state capitol and Mr. Seaman feels sure that the Governor will allow the flag to be brought to Mayville to once more inspire the men who once fought and bled under its colors.

FAMILY CRITICISM

There are some Democratic papers that still think that democracy is more important than vote getting. Witness the following southern and strongly partisan sheets on the President and the eight-hour bill:

"Nothing more revolutionary has been done in any civilized country, with the possible exception of Mexico, since the French revolution itself. . . . For what has happened—this cringing sacrifice of principle to expediency—the country has President Wilson to thank for it was he who first sought to make political capital out of this national crisis, or, else, was too pitifully weak to display the strength of a strong man in a great emergency. And a pliant and suppliant Congress—fed to mental out of the 'patronage' spoon—was only too easily coerced into following the President's lead."—Augusta Chronicle.

"We are told that Congress has acted in the interests of peace. But is peace so sweet as to be purchased at the price of liberty?"—Newport News.

"What has become of 'the rule of reason,' which is supposed to govern the settlement of economic questions in this republic? What has become of our sacrosanct doctrine, hallowed by the fathers, of 'equal rights for all and special privileges for none?' Is the constitutional process of deliberate legislation to be subverted by a form of mob violence?"—Greenville (S. C.) News.

"Hands up!" cried the brotherhoods, in effect. And the Congress, having for a precedent the example of no less illustrious a personage than the President of these United States, promptly made haste to hold up both hands in token of unconditional surrender. Are the people proud of their lawmakers?"—Roanoke Times.

"Again Congress, led by the President, has ignored the principle of arbitration. Arbitration, as a means of settling industrial disputes, is dead for the present. . . . Congress has established a precedent, whereby any well-organized minority of citizens can compel it to pass legislation without study, without consideration and without regard to the other side of the controversy."—Montgomery Advertiser.

"It would have been better for the soul of the republic if the brotherhoods had forced the railroads to grant all their demands rather than use the machinery of the state to bring about the result achieved. The passage of any law which in such cases as this is a trial and verdict without hearing the evidence is foreign to the genius of the Constitution."—Memphis Commercial-Appel.

May the family voice avail more than it usually does!

COMING TO THE FRONT

No matter what our beliefs may be in the matter of woman's suffrage, candor compels the admission that the feminine cause is making strides toward the ultimate achievement of their goal.

A few years ago the mere idea of a woman voting met with ridicule upon every hand. It was considered a dream and a joke.

Today, however, every party has its strong and powerful defenders of woman's right to the franchise, and neither party cares to risk going radically on record against it.

Politicians everywhere concede a little and diplomatically slide over the rest. Many hundreds of them dread to be placed upon record as irretrievably opposed to suffrage for women.

Those who believe in the cause of woman should take heart. It is moving along, and the pace is by no means slow.

YELLOWER THAN YELLOW

It gives an excruciating pain to the average country publisher to see the false and misleading statements that are sent out regarding national and military affairs by some of the yellow daily papers of the country.

They're so false and misleading that the devil himself would blush from shame if he were compelled to assume their authorship. And yet this aggregation of conglomerated bunk is swallowed by the public without a murmur of protest.

If this paper, or any other self respecting country newspaper were to disseminate such falsehoods, perversions and absurdities the editor would soon be invited to move on, for the public, we have learned, looks for truthfulness in the country press.

Just why this double standard is contemned and encouraged is more than we can say. But it is so.

NOVEMBER IS ANOTHER STORY

According to Mr. Wilson's National Committee and Mr. Wilson's personal organs, the Democratic candidate has the election won right now.

As usual, history is engaged in repenting herself. We cannot remember a Presidential election in which the Democratic candidate was not certainly elected—in August.

WHO SAID SECTIONALISM?

"Of the 100,000 National Guardsmen at the border on July 31 the southern states sent 2,000 men from Virginia, 500 from Louisiana and 3,000 from Texas. The rest of the southern state had not a single man at the border, while Massachusetts, New York, Illinois and Pennsylvania had 42,000 men, 42 per cent. of all the troops then present."—Senator Lodge at Washington, Me.

REMEMBER THE "COME CATCH VILLA" POSTERS?

By the way, what has happened to Villa? Has he been captured yet? It is some time since the President started out to accomplish this by sending American soldiers into Mexico.

Weighing your words is all right, provided they are worth weighing.

Success seldom clings to the coat tails of the chronic grinch.

NEW YORK LETTER

(From Our Regular Correspondent)

Our Loss Japan's Gain—The administration has just published statistics showing a loss to American shipping on the Pacific of 21 per cent. The administration seeks to create the impression that this loss is due to the European war, but a careful analysis of the official statistics shows that what the United States has lost Japan has gained. It is the Seaman's bill, which Mr. Wilson signed even against the advice of the experts in his own administration, which has transferred America's share of Pacific Ocean shipping to Japan.

Character of Exports—The scope of this letter will permit of only a summary of the war exports. Among them we find \$173,000,000 for gunpowder; \$3,900,000 for dynamite and \$252,000,000 for all other explosives; \$18,000,000 for fire-arms; \$37,000,000 for cartridges; \$7,000,000 for aeroplanes; \$24,000,000 for barbed wire, used in making defenses; nearly \$100,000,000 for horses and mules, \$238,000,000 for automobiles and parts thereof. Of course the instant that peace is in sight the demand for all these things must cease. In fact, many of the contracts already awarded to American manufacturers contain a clause permitting cancellation at any time the war shall end. In his western speeches, Gov. Hughes is urging that a definite policy of "industrial preparedness" be adopted and his insistence upon the necessity thereof meets with enthusiastic response from every workman, every farmer and every manufacturer in his audiences.

For Value Received—The Brotherhood of Railway Trainmen has sent an appeal to all its members to vote for President Wilson and defeat "our enemies," while it is intimated that one of the other Brotherhoods which profited by the Wilson-Adamson wage increase law will do the same. The course of the Brotherhoods is, of course, merely the payment of a just debt, a service rendered for value received in advance. If not specifically agreed to in advance, it doubtless was well understood by those leaders of the administration who first precipitated the railway-wage crisis and then forced Congress to enact a law which gave a 25 per cent. increase of wages to the 25 per cent. of railway employees represented by the Brotherhoods. Opinion, even among the Brotherhoods is, however, by no means unanimous and they are obligated by President Wilson's great gift to vote for him. A. N. Y. Sun correspondent quotes a conductor at Albany as saying to Gov. Hughes, "We got what we wanted out of Wilson because he hasn't any more backbone than a jellyfish. Now most of our crowd will vote for Hughes." Abject surrender to political expediency does not always invite respect or gain votes.

Carranza's Clever—General Carranza has proved that he is at least clever—if ungrateful—if threatening to order a strike of his New London delegates if President Wilson does not immediately withdraw Pershing's force from Mexican territory. Profiting by the example of the Brotherhood presidents, Carranza has notified his representatives at New London that the time to gain concessions and surrenders from the Wilson administration is now—on the eve of the election—and not after the election is over. He has instructed them to heed the example of the Brotherhood chiefs and that if they do so they are certain to gain success, whereas, if they permit themselves to be flattered and entertained andajoled after the Presidential election, they may be able to gain nothing worth while. His first demand, and it is a peremptory one, is that President Wilson order Pershing's force and all American troops off Mexican soil, and he has told his delegates to make that demand so plain that there can be no misunderstanding about it. The wily old Mexican has accurately plumbed the purpose of the Wilson administration to tide things over until after the election, and he will have none of it.

Railroads Foxy—The Railway Executive Advisory Committee has just held its first meeting since the passage of the Wilson-Adamson wage-increase law. Those who expected firework from the meeting were disappointed. These men appear to have decided that it would be far wiser for them to accept the increased wage scale provided by the Adamson bill and trust to the Interstate Commerce Commission to authorize them so to increase rates as immediately to transfer the burden of the increased wage scale to the people. It was pointed out by the cooler heads in their meeting that the Adamson bill does not go into effect until January 1, while the Presidential election will be a thing of the past by November 8. They argued that if they raised no objection now and refrained from criticizing President Wilson on the eve of the election, they might gain from him some measure

of gratitude and thus insure his influence being exerted after election—to induce the Interstate Commerce Commission to authorize their putting into operation on January 1 a rate schedule which would save their stockholders from all loss resulting from the President's course and the consequent enactment of the Adamson bill.

War Prosperity—The total exports from the United States for the year ending June 30, 1916, amounted to \$4,323,658,000. According to the New York Times, which is enthusiastically supporting President Wilson and which has made a careful study of the subject, three-fourths of these exports constituted war trade. That is, of the export trade of the United States during the year ending June 30, \$3,249,000,000 was due solely to the European war. What does that mean? It means that the amount received from the war trade would be more than sufficient to pay 3,000,000 workmen \$3.50 a day for an entire year, of 312 days. What is to become, then, of at least 3,000,000 American workmen when the end of the war cuts off this trade? Actually, a far greater number of workmen will be affected because, of course, the sum received for war supplies was divided between material and labor, with a percentage of profit to the employer. It is a reasonable assumption in view of the character of the war exports that labor did not receive more than half of the sum paid to the United States for war supplies. Of course some workmen received much more than \$3.50 per day. Others received less but allowing for these variations and for the share which went for material, rent of buildings, interest on plant, wear and tear of machinery and employers' profit, it is a perfectly reasonable assumption that not less than 5,000,000 workmen were paid their wages out of the receipts for war materials. Does it take a college professor, or even a politician to figure out that the greatest need of this country today is industrial preparedness; that if this nation fails to take steps now to protect itself against the terrific slump in its export trade when war ends, it will experience a period of unemployment, soup-kitchens, breadlines and all the suffering and privation which come when literally millions of men are suddenly thrown out of employment and must walk the street seeking opportunities to exchange their labor for bread? The question which the intelligent voters of this country will ask themselves before they vote is "Are we for continued watchful waiting, or for industrial preparedness?"

It is more satisfactory not to play the game at all than it is to be a "dub" performer.

Too many marriages are sanctioned on the grounds that "they'll get along some way."

The objection to the polite man is that he usually wishes to sell you something.

No woman has had as many chances to marry as she leads her husband to believe.

WANTED A PREACHER

(At Hardseable Church; salary \$300 a year.)

Our church wants a preacher, a preacher of faith.

Not too fond of sensation, nor prosy and tame;

But one who has learning, devotion and skill,

And can live on a pittance, will just fill the bill.

We feel in our hearts we can justly expect

He shall not be too young to command our respect;

Nor yet do we want one decrepit and old,

But one who will add to the strength of the fold.

The pastor we're seeking and hoping is: One

Must be active and earnest and helpful and kind;

Not too conservative—fond of the past—

Nor yet too progressive, too daring or fast.

The success of our church on the preacher depends,

So we trust he will know how to win hosts of friends.

He must not be frivolous, vapid or light,

Nor yet be so solemn our souls to fright.

There's one fault that all of our pastors have shown,

They expected that part of the time was their own.

But we have a right, for the money we pay,

To call for their service by night or by day,

In fact, we are writing and hoping some day,

An angelic pastor may wander this way,

Who can live, work, and suffer, yet never complain

If sometimes he falls all his dues to obtain.

Quite humble, and meek, not puffed up with pride,

Nor greedy, nor selfish, nor dissatisfied,

But thankful to take what the church can afford,

Knowing patience is always its own best reward.

ARE YOUR KIDNEYS SICK?

Many Maysville People Have Kept Well By Keeping Their Kidneys Well.

The first symptom of kidney trouble may be only a slight pain in the back, a feeling of stiffness or soreness in the loins, or some annoying irregularity of the urinary passages. Urine is often discolored and perhaps sediment gathers upon standing. Next may come a dull, throbbing backache, sharp, knife-like pains, headache, dizziness and in many cases, lameness when arising in the morning. No one can afford to delay until these troubles become serious. Begin using Doan's Kidney Pills, the tried and tested kidney remedy that has won the praise of thousands. Maysville readers should find convincing proof of merit in the following statement. It's from a resident of this locality.

A. Sorries, Locksmith, Aberdeen, O. says: "The action of my kidneys was irregular and the kidney secretions contained sediment. I had backache and when stooping, it was hard for me to straighten up. Colds always settled on my kidneys. I used Doan's Kidney Pills and they stopped the trouble and my kidneys became strong." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Sorries had. Foster-Milburn Co. Props., Buffalo, N. Y.

CHILD LABOR LAW A GOLD BRICK

Chicago, September 23 — Another Democratic gold brick, handed to the American people under the guise of a humanitarian law, is the so-called child labor law which President Wilson signed on September 1. Such at least is the opinion of a former United States senator, of presidential size, who was recognized as an authority on interstate commerce law when he was in the Senate. Legal business brought the former senator to Chicago yesterday, and he declared to newspaper men that the highly praised statute has a loop-hole in it big enough to throw his hat through.

It is this provision of the law which is pointed to as absolutely violating it: "No producer, manufacturer, or dealer shall ship or deliver for shipment in interstate or foreign commerce, or any article or commodity, the product of any mill, canner, workshop, factory or manufacturing establishment situated in the United States, in which within thirty days prior to the removal of such product therefrom children under the age of fourteen years have been employed, or permitted to work." The statute then makes a similar prohibition on the products of establishments in which children have been employed more than eight hours in any day.

The former senator added: "It will readily be recognized how easy it is to evade this statute. The prohibition is upon commodities from mills, etc., in which within 30 days prior to the removal of such commodities or products therefrom children under the age of 14 have been employed, or permitted to work. It would, under this law, be possible to employ children of any age, for example, up to March 31 and on May 1 it would be possible to ship the product without any limitation, since children were not, within 30 days prior to the date of the removal, employed in the mill."

"As a matter of fact, in most manufacturing lines there is a producing season and a distributing season. Children could very well be discharged at the end of the producing season, and the product of their toil not sent out for 30 days or more."

"This is especially true of canneries, which are specifically mentioned in this statute. It is well known that the work in canneries ordinarily occupies only a few months in a year, and that the shipments are delayed for some time after the work is over."

"It is also a well known fact that the evils of child labor have been particularly great in canneries."

"Thus, by virtue of this gold brick"

law, children under 14 years of age may work in factories for eleven months and the goods they have made be sold all over the United States at any time after 30 days.

"This statute is probably no worse than other legislation of the present administration which has been characterized by lofty promises left utterly unperformed; but for clear misleading of the public this has probably not been surpassed in any case. Indeed, there is ground for suspicion that the measure was drawn in this manner with the clear intention of affording a promise to the enemies of child labor without accomplishing anything."

EXTENSION OF RED CROSS OPERATION IS AGREED TO BY TURKEY UNDER DIPLOMATIC PRESSURE

Washington, September 23—Turkey has yielded to diplomatic negotiations for an extension of American Red Cross work in Ottoman territory beyond the present limited operations in famine-stricken sections of Syria. The State Department today notified Red Cross headquarters that the Turkish Government had agreed to remove its restrictions, and preparations were taken up at once for beginning a great relief campaign in co-operation with the Red Crescent Society of Turkey.

President Wilson by proclamation has set aside October 21 and 22 for American and Syrian relief days, and it is expected that the funds in hand will be largely increased by contributions received then. Already in sections where the Red Cross is operating such co-operation has proved successful. About \$200,000 has been sent on already to the branches of the society at Constantinople presided over by the American Ambassador and the other Secret.

E. P. McKinnell, Director-General of the Red Cross, will go to New York Tuesday for conference with the American and Syrian Relief Committees, which have raised \$430,000, which will be available for the work to be undertaken.

INFLUENCE OF GERMANY IN AUSTRIAN ARMY WORKS ILLY FOR THREE ARCHDUKES, WHO LOSE COMMANDS

London, September 23—"Three more Austrian Archdukes," says a dispatch from Zurich to the Wireless Press, have been ejected as the result of German influence from three important military commands." The message adds:

"Archduke Eugene, recently Commander in Chief of the Italian front, has been retired from the army and appointed Curator in the Academy of Science at Vienna."

"Archduke Leopold Salvator, until recently Inspector General of Artillery, has been removed from the list of active officers and has been appointed Protector of the Francis Joseph Academy of Science, Literature and Art at Prague."

"Admiral Archduke Charles Stephen has been appointed Protector of the Academy of Science at Cracow."

NARROW ESCAPE

During the light electrical storm which passed over the city on Friday night Mrs. Elijah Jackson, colored, had a narrow escape from death when her home was struck by lightning. It was a strange freak of nature. The current coming down the kitchen line through the floor and out through the side of the house near where Mrs. Jackson was at work. While there was no great amount of damage done Mrs. Jackson received a severe shock for a while and was unconscious but she recovered.

DECORATE WEDNESDAY

Since Wednesday is the day for the Old Soldiers Reunion the merchants of the city are urged to decorate their stores in honor of the veterans, who will come together in this city. It is the usual custom to decorate on Decoration Day to honor the dead heroes. Why not decorate to honor the living? All of the citizens are asked to decorate their homes and business places to do honor to those who fought so gallantly for their country in the sixties.

AUTHOR OF THE "GLORY SONG" TO LEAD MUSIC

Chas. H. Gabriel, of Chicago, Whose Hymns Are Sung the World Over, on Program.

Probably no song in this age has been sung by more people than the "Glory Song." It has been sung all around the world, and has been translated into many languages. The honor of writing this famous hymn belongs to Mr. Chas. H. Gabriel, of Chicago, who is coming to Kentucky to be the leader of the music at the State Sunday School Convention. Mr. Chas. H. Gabriel, Jr., will accompany his father and be the pianist for the convention.

This gifted man has also written many other familiar hymns, among them, "Just When I Need Him Most," "Somebody Needs You," "Help Somebody Today," "The Way of the Cross Leads Home," "I Will Not Forget Thee," "Keep the Heart Singing," and "He is So Precious to Me."

It will be a great inspiration to be part of a great chorus composed of consecrated singers and have the man who wrote the hymn for the leader. This alone would be worth a trip to Somerset.

Sunday afternoon after the close of the conferences at the different churches there will be a Vesper Service in the public square where a thousand or more people will join in a long service.

HUGHES RESTS SUNDAY FOR HARD DAY'S WORK

Indianapolis, Ind., September 24.—Charles E. Hughes today followed his usual procedure of resting on Sunday. He spent the day at the home of Charles W. Fairbanks, his running mate; slept tonight on his private car in the railroad yards and will leave tomorrow to open his campaign in Ohio at Dayton.

With Mrs. Hughes and Mrs. Fairbanks, the nominee went to church this morning and took a motor ride this afternoon. There was also an informal reception late today at the Fairbanks' home, where Mr. Hughes met many of Mr. Fairbanks' close friends and neighbors.

Tomorrow's program calls for an all-day stay at Dayton. Addresses before the National League of Republican Clubs at the Soldiers' Home and in the Auditorium at night, with an afternoon visit to the fair grounds are the chief activities. Mr. Hughes will leave Dayton early Tuesday to continue his trip through Ohio. He expects to be accompanied by Governor Willis, Senator Harding, Myron T. Herrick, James R. Garfield and other party leaders.

Will H. Hays, Republican State Chairman of Indiana, issued a statement tonight saying that Mr. Hughes would spend two days campaigning in Southern Indiana late in October.

NATION IN "DRY DOCK" BY 1920, SAYS WHEELER

Columbus, Ohio, September 24.—Wayne B. Wheeler, general counsel of the Anti-Saloon League of America, speaking here tonight, said that a "dry nation" is now assured and asserted that an amendment for national prohibition will be passed by Congress for reference to states before 1920 and that "ship of state will be in dry dock within five years thereafter."

The last twelve months, Mr. Wheeler said, marked the largest gains for prohibition in history. He pointed out that in eight states prohibition laws have gone into effect since January. With a population of more than 11,000,000 affected therein. Sub-division in other states with a population of more than 1,000,000 have abolished saloons, he stated, while Norway and Roumania have gone "dry" within two months and indications are that several other states will adopt prohibition laws this year.

SOME SCRAP

Help arrived and the man was taken to jail.

INFANT DIES

The infant child of Mr. and Mrs. William McCarthy died at their home in Aberdeen yesterday. Burial will be made today.

The gauge marks 5.5 this morning and falling.

Heavy fog this morning delayed all packets several hours. The fog this morning was one of the heaviest of the summer although it had cleared away by 9 o'clock.

Interest was aroused by the announcement from Point Pleasant, W. Va., last Friday to the effect that steps are being taken to organize a union of unlicensed river men in the Ohio and Kanawha Rivers. The movement grew out of a strike called a few days ago just as coal shippers were preparing to send large fleets of coal on their way to Cincinnati and Southern points. The towboat companies did not have any trouble in getting full crews to man their boats, as there is no union on the Ohio or Mississippi River except the Engineers' Association that meets at Pittsburgh, Cincinnati and St. Louis, Mo.

RUNAWAY AUTOMOBILE

The Maysville and Mt. Olivet truck acted somewhat like a horse Saturday morning about 10 o'clock when it ran away. When passing the Scott M. E. Church on the Lexington Pike the brakes refused to work and the machine started down the hill at a rapid rate. Colored woman, Mrs. Lizzie Perry of Cumminsville, Ohio, who was in the machine, became frightened and jumped to the road. She was badly hurt but no bones were broken. The machine continued running until it reached Carr's Mill on East Second street, where it stopped. It was indeed fortunate that no one was seriously injured.

MRS. MAYME CASSIDY

Mrs. Mayme Cassidy, widow of Judge Wilbur Cassidy of Flemingsburg, died at the home of her daughter, Mrs. Lucien Norris of Germantown, Saturday morning at 11 o'clock of paralysis. Mrs. Cassidy was about 60 years of age and is survived by one daughter, Mrs. Lucien Norris, and two sons, one in Texas and the other in Missouri. The funeral will be held today in Flemingsburg, the services being conducted by Rev. Emil Baermann of that place.

HOOK SENT TO REFORM SCHOOL

Teddy Hook, the sixteen year old boy who was captured at his home in the county last Friday for forgery, was tried before County Judge W. H. Rice Saturday and sentenced to the State Reform School at Glendale, Ky. The boy will be in this institution for about five years. Several times he has forged checks and his father paid the amounts rather than to cause trouble but this time the authorities decided to dispose of his case for good.
